Competition Index Control in Competition Eliminator

Driver	Perm n:o	Class	Index	Approved best ET *(Note! All decimals)*

When a competitor runs 0,610 seconds or more under class index, during elimination, this has to be reported directly after the event to:

Mats Eriksson, fax + 46 16 42 51 60, e-post m.e@swipnet.se

So that the Swedish Drag Race Committee can give the next organizer correct index.
