Competition Index Control in Competition Eliminator				
Driver	Start no.	Class	Index	Approved best ET Note! All decimals
	•			

When a competitor runs 0,610 seconds or more under class index, during elimination, this has to be reported directly after the event to the responsible for CIC:

Jonas Staflund, e-mail: jonas.staflund@telia.com
So that the Swedish Drag Race Committee can give the next organizer correct index.
